

TRUSTEES

We are looking for two new trustees to join St. Anthony's Trust. We are a small charity local to the Forest Row area. We own some of the land/buildings farmed by Tablehurst and Old Plaw Hatch farms. We work to maintain Biodynamic land security to further our Trust Objectives of providing BD education, training, and research.

We are a registered charity and began the process last year to move the Trust to a company limited by guarantee (CLG). When this process finishes, we will operate as both a Board of Directors and Trustees. There are currently 7 Trustees, with one stepping back shortly. We have a part-time administrator supporting us

To help us grow, we want to invite two new local Trustees interested in anthroposophy and have time to further the work of the Trust. These Trustees will have experience or skills in either:

- 1) finances,
- 2) or one of these skills: fundraising, PR, organisation, legal

Trust meetings are held in Forest Row every two months from 19.30 - 21.30 (usually on Tuesdays).

The Trust/Board is responsible for setting the strategy and policies, liaising with the Co-op and Farms and undertaking activities to further the work of the Trustees. In recent times, we have supported events, one celebrating the 60th anniversary of Rachel Carson's Silent Spring and another bringing together the educators of BD, farmers, and agroecology in this country to find ways to further the education and training of BD farm managers in the UK.

To find out more about joining our Trust, please get in touch with Leticia at: admin@saintanthonystrust.com
